

# ROSES

## Amber Carpet Rose Rosa x patented cultivar

### Best location...

Full sun

### Watering Needs...

Water when dry

### Growth rate and size...

Fast growing

### Blooming time...

Spring through fall

### Best soil and care...

Many types

### Forms and containers...

1, 2 and 5 gallon cans

A profusion of soft red rosebuds open to lovely, semi-double, peachy amber blooms, that fade to a seashell pink as they age. The blossoms are fragrant - a first for the Flower Carpet® series of easy care groundcover roses! Excellent heat and humidity tolerance.

A profusion of soft red rosebuds open to lovely, semi-double, peachy amber blooms, that fade to a seashell pink as they age. The blossoms are fragrant - a first for the Flower Carpet® series of easy care groundcover roses! Excellent heat and humidity tolerance. Beautiful in containers, or in mass plantings in the landscape. Deciduous.
